

# PLACEMENT BROCHURE

2023-2024

# FROM THE VC'S DESK

Leading domestic and international ranking agencies and publications have consistently ranked BITS Pilani among the top engineering institutes in the country and as the finest non-government engineering institute. This represents the culmination of a long-term, sustained effort to achieve excellence. Since its inception, the UG and PG curricula at BITS Pilani have emphasised the development of analytical skills, laboratory-based experimentation, and project-based work.

After undergoing rigorous training in classrooms, laboratories, and corporate apprenticeships, our graduates are able to design, develop, and market products and services for discriminating Indian and international consumers and assume leadership positions later in their careers.

I invite leading companies from India and abroad to visit BITS Pilani to discuss placement opportunities for 2024 graduates. We value partnerships with recruiters. We are committed to enhancing your recruiting experience.

I wish the students all the best and success in their career.

**Prof. V Ramgopal Rao**  
**Vice Chancellor**

# ABOUT BITS PILANI

For **59 years**, BITS Pilani has been a revered institution, renowned for its commitment to academic excellence and fostering innovation. Since its establishment in 1964, the institute has consistently propelled the boundaries of knowledge through research and development, producing graduates who excel in their fields and contribute to society's advancement.

With a focus on **practical application** and a **collaborative learning environment**, BITS Pilani has nurtured a spirit of entrepreneurship among students, leading to the creation of impactful startups and industry leaders. Its **strong industry connections** and emphasis on **industry-driven projects** have enabled students to gain practical exposure and develop the skills necessary for success in a competitive world.

BITS Pilani continues to stand as a confident and influential institution, shaping the leaders of tomorrow and making a lasting impact on the global higher education landscape.

# PREVIOUS SEASON HIGHLIGHTS

innovate

achieve

lead

For the first time, Tower Research Capital hired for its **Quant Intern** role based out of London with a stipend of INR **10 Lakh** per month

McKinsey & Company BCG BAIN & Company

We were the only Engineering College in India apart from IIT Bombay to host all the **top 3** management consulting firms (**McKinsey, BCG and Bain**) for our Placement Season.

BITS Pilani became one of the handful colleges in India from where **Avendus Capital** hired for it's Front-End Investment Banking role.

We hosted leading HFT firm, **IMC Trading** for it's Software Engineering role with a CTC of **75 LPA**

We had a record Summer Internship season with over **250 students** bagging offers from leading companies around the globe.

# STUDENT HIGHLIGHTS

achieve

lead

## ENTREPRENEURSHIP

Conquest is India's first student-run startup accelerator providing 1 Cr + in equity less grants, industry mentors and 100+ resource partnerships each year since 2005.

## CONSULTING & ANALYTICS

180 DC, IFS, ShARE chapters of the BITS Pilani campus take on projects with partner companies in domains related to consulting, business analysis, analytics, and solutioning,

## LEADERSHIP

Students overlook high-stake activities such as Placements and Internships of 4000+ students, Student Mess facilities with funds of 16 Cr. annually and student run-fests having budgets upto Rs. 2 Cr. with 7000+ footfall annually

## CUTTING-EDGE INNOVATION

EEE, IKRG, AIChE, Team Anant, Sally Robotics, and Team BITS amongst others are continuously work towards fostering innovation in the fields of core electrical, mechanical, and chemical engineering.

## ROVER DESIGN

Inspired Karters Gravity ranked first in the NASA HERC 2023 project review. They also ranked first in the Asia-Pacific area for the second year in a row.

## SUSTAINABLE ENGINEERING

Team BITS Pilani is the first Indian student team to have created a 100% Ethanol-fueled car in India. They have previously bagged 1st place in India and 4th place globally in the "Pitch the Future" event of Shell Eco Marathon-2021 (Global).

## SATELLITE DEVELOPMENT

Team Anant is currently working towards developing BITS Pilani's first Nanosatellite designed according to 3U CalPoly standards, under the guidance of the Institute and the Indian Space Research Organisation.

# ACADEMIC PROGRAMMES

Programmes Offered at BITS, Pilani - Pilani Campus

## INTEGRATED FIRST DEGREE PROGRAMMES

- B.E.: Chemical Engineering
- B.E.: Civil Engineering
- B.E.: Computer Science
- B.E.: Electrical and Electronics Engineering
- B.E.: Electronics and Communication Engineering
- B.E.: Electronics and Instrumentation Engineering
- B.E.: Mechanical Engineering
- B.E.: Manufacturing Engineering
- B. Pharmacy
- M.Sc.: Biological Sciences
- M.Sc.: Chemistry
- M.Sc.: Economics
- M.Sc.: Mathematics
- M.Sc.: Physics
- M.Sc.: General Studies

- Finance
- Data Science
- Computational Economics
- Entrepreneurship
- Supply Chain Analytics
- Physics
- Management
- Material Science and Engineering
- Film and Media
- Water and sanitation

## MINOR PROGRAMMES

## GRADING SYSTEM

BITS Pilani uses a 7-point grading system, unlike other leading universities. There is a 1-point difference between each successive grade point. The lowest point goes down to 2, while the highest remains 10. This leads to the **average grade point being 6**.
